

## TRANSPORTATION

### 1. **Bus**

Bus transportation is available to students living within the Barron Area School District.

Wisconsin State Law requires that a student who rides a school bus must be deposited at the same point he gets on the bus. This is for the safety of the student to prevent him from walking along the highway in a dangerous location, getting lost, or being picked up by someone who is unauthorized to haul school children.

Since the law does exist, bus drivers are instructed to comply with it at all times. If you wish you have your child disembark from the bus other than at his normal stop, inform the driver by sending him a signed note.

Christ-like conduct should be displayed at all times. Bus transportation is a privilege, and bus drivers have the right to discipline. Misbehavior of any kind will not be tolerated. Students who misbehave can be denied the privilege of riding the bus. It is the responsibility of the parents to contact the Barron Bus Garage to make arrangements for your child.

### 2. **Safety Patrols**

The Barron Area School Safety Patrol is in force for fifteen (15) minutes before and after school. Students who walk to school are expected not to come to school before this time. The G.L.C.A. students are expected to respect and obey safety patrols.

### 3. **Traffic Pattern**

G.L.C.A. has an established traffic pattern for the safety of our students. It is expected that parents and students driving to school will honor and respect this pattern during school hours. A copy of the traffic pattern is available at orientation or from your child's teacher.

### 4. **Student Driving Privilege**

Students driving vehicles to and from school must secure parental approval and permission to do so from the Administration. Rules for those driving:

1. The driver is responsible for reporting to the Administration who and how many passengers they are transporting on a regular basis. Only those passengers that have been approved may ride.
2. Above all, the driver should behave in a responsible and safe manner.
3. No displays of vehicular power will be allowed.

If these rules cannot be followed by the driver, his privilege may be revoked.
